## About This Game

An evil force has launched an invasion over the Omios star. Only you, the most skilled and deadly pilot in the galaxy, can face the dreadful menace of the Meroptians, bio-mechanical creatures set in a ruthless war of conquest. Equip your ship, select a route and fight planet by planet against the hordes of Meroptians!

Super Hydorah is a nonlinear horizontal shoot' em up designed to offer a challenging and memorable experience, sublimating the wisdom and richness of traditional shmup classics. The game has direct action, nostalgic art and a wide variety of unique spatial content and situations. It is hours of intense fun, alone or with your friends, to face the menace of the Meroptians aboard the Delta Lance.

The pain of losing a shuriken and having 9 the rest of the heist.  
. you have to be a bit of a geek to enjoy something like this

I finished it in about 7 hours and enjoyed it a lot. I did have to look up some help on occasions. But I blame adventure game logic for that. What is adventure game logic? the logic that belongs to the creator of the game and only the creator of the game. in other words, puzzles and hidden hints that only ever make sense to him or her.

I'd say it's well worth the price.. 10/10 because it has some much potential ! :D

I played BR1, but after i tried BR2 you can call me a fan. xD

This game can be the best if:

They add more detailed tactical infantry gameplay. Looking behind the corner by using EVQ :)

They add more detailed vehicle gameplay - FPS mode.

(They add more gore into this game. This is WW2, it should be more brutal/ have more blood. But that's only my personal opinion.) This isn't a game for little call of duty kids. This is a really good made tactical warfare game.

VOIP, local, command and squad channels.

This game could be better than Post Scriptum and Red Orchestra.

So please even if the content is not big enough, give this game a chance and spend this 4 \$ on this.

I do highly recommend this game! :)

. This game is a real tease. I jumped on it when it had a release discount.

The game promises to be a tycoon-like game you've been waiting for for years. At least like I have! Right off the bat, it seems quite promising. The graphics are decent, there's a tad of humor and the soundtrack is surprisingly nice, if not a bit limited. At first it's a bit hard to get a grasp on everything, but eventually things become clear. You'll discover that this game is rather shallow. It feels neither challenging nor particularly rewarding. I've spent about 7 hours on it now, and don't feel particularly compelled to keep playing.

It's a game that holds promise, but the reality is, sadly, a lack-luster game. It's not exactly an Early Access game, but I think it could use some updates to improve things. Even so, the price tag was pretty fair when I got it. You can get some hours worth out of it. I find it hard to actually recommend at this time though.. This game is so fun to play ! im a fan of the series of Devil May Cry so I recommend u guys trying out the game. 10/10 best action games out there !!!!

---

cheesy game. The idea is simple yet clever - a bejeweled-like game that lets you clear the board in the rhythm of your favourite music. Sounds like fun, right? Well, it's not. The beat detection - a core part of this game mechanics - is totally screwed up which makes it pretty much unplayable.

First time, I played for about an hour before I grew irritated enough to uninstall the game. Second time, I got frustrated after a few songs. Third time, I didn't even manage to finish the first song. There will be no fourth time, I'm more than sure.. 2 pieces part was a little bit confusing, but I managed it. A decent puzzle game.. I been check my career there nothing download? I be download done try get in nothing in career!. Unfortunately can't recommend.

The frame story tries too hard to be both sentimental and tongue-in-cheek but there isn't enough meat to the gameplay to support the plot. Dragon Quest this is not.. I tried to get into this but everything is so tedious in this game. Having the hold down a button to select is not a good UX.

I was excited for the sea battles but turns out you just shoot a couple guys on a boat and thats it. I really wanted to get into this game but sadly I can't recommend it at this point. Maybe if there is a big gameplay/content update I will try again

. Enjoying the game so far! Good gameplay. The balancing act of working and going to school is fun. Being consistant helps out a lot. Cant wait to see future content! Give this one a shot for sure!. Gotta be honest, it's a pretty nice Quiz-Game !

Different Game-Modes...A lot of diversified questions...

Computerized Voice-Over (both english and german) ...wich is pretty good! ( Even says the Player Names u type in :D )

...works with xbox-controller and keyboard at the same time...Keeps stats to look into !

AAAnd you can create ur own Quiz in the Editor ...or download one of the many great ones made in the Workshop !

The Developer-Team did a nice job on that one !

. Looks funny. I like it.. i loved the game it wasent that laggy and i recomentd it i mean there are 70 good reviews and 32 negitive and most people complane about the multiplayer just go in to mached players or do combat training its still a fun game
